The first Neiman's Family Market was established in 1983 by Hal Neiman and is in Alpena Michigan. Hal and his family's beliefs have always been about community and providing great customer service. Being born, raised, and having family in St. Clair, Hal jumped at the opportunity of opening a 3rd Neiman's in August 2007 here.

Kathy (Neiman) Pizzo was born and raised in St. Clair and grew up on a dairy farm in China Township with her family and 3 brothers. She graduated from St. Clair High School and acquired her associate degree in business.

Kathy joined forces in the family business when the store in St. Clair opened, after listening to and being intrigued by many stories from her brother Hal through the years. She was the store opening coordinator, and then Kathy moved into the position of Assistant Director. In 2012 she was promoted to Store Director. Outside of work, Kathy's favorite things to enjoy are cooking, reading, and spending time with her family, especially her grandchildren.

Kathy wears individual "hats" each day to accomplish her duties in managing the store while embracing the part of a mother at home and work. She believes that God put her in the role of store director for a reason and looks to him for guidance in doing her responsibilities. Her employees are the foundation of Neiman's success, and they contribute each day to making it unique and fun to come to work. She feels her management team is the best around; Dawn Vermette-co-director, and Dan Merkel-assistant director. They complement each other, run like a well-greased machine, and have a lot of fun!!

Kathy loves her community and since 2010 has volunteered at the DBLC soup kitchen located at St. Martin's Lutheran Church in Marine City twice a month. Neiman's provides the food and necessities that come from all the departments that day to create the meal that feeds between 30 to 60 people. Neiman's regularly sponsors many other local charities and events in their local communities.

Neiman's can accommodate your individual needs in each department of its store with unique items and services. The Meat department employs its butcher to cut specialty meats, the state-of-the-art Bakery bakes fresh daily bread, donuts, cakes, sweets, and treats, the Corner Café has fresh bagels and sandwiches daily, the full-service Deli cooks up fried Chicken meals, featuring Boar's Head meats, cheeses, salads, and custom party trays, the Produce department provides fresh-cut fruit and vegetables to go, and the Healthy Living section provides many gluten-free options with Michigan made products!

Since the Covid outbreak, things are back to normal at Neiman's. They did have supply issues but have managed to seek out other companies and suppliers to keep the shelves full. Kathy has noticed a lot of positive things since the pandemic has started; customers are patient and understanding with both the shortages in employees and supplies.

Neiman's mission statement is "Do the ridiculous while delivering the Miraculous!" So, in supporting your community "please shop local"! Mother's Day is just around the corner. Stop in and see what is new at your Neiman's Family Market. They will be happy to assist you with all your party needs with beautiful flowers and plants for Mother's Day from their abundant Floral tent to Graduation and Confirmation Events.
